	<b>Introduction</b>	<b>ix</b>
<b>Chapter 1:</b>	<b>The Essentials</b>	<b>1</b>
	About Picture It! and Digital Image Pro .....	2
	Launching the Program .....	3
	Using the Startup Window .....	4
	The Program Interface .....	6
	Opening Files on Disk .....	8
	Showing and Hiding Parts .....	9
	Docking and Undocking .....	10
	Panning .....	11
	Zooming .....	12
	Working with Menus .....	13
	Using Keyboard Shortcuts .....	14
	Using the Common Tasks List .....	15
	Using the Files Palette .....	16
	Using the Stack .....	17
	Using the Toolbar .....	18
	Using the Selection Tools .....	19
	Undoing Actions .....	20
	Printing .....	21
	Saving Images .....	23
	Getting Help .....	25
	Closing Files and Quitting .....	27
<b>Chapter 2:</b>	<b>Opening and Importing Images</b>	<b>29</b>
	From Disk .....	30
	From the Gallery .....	31
	From a Digital Camera or Card Reader .....	32
	Camera and memory card tips .....	36
	From a Scanner .....	37
	From MSN Groups .....	38
	From the Web or Newsgroups .....	39
	From Email .....	41
	From Digital Image Library .....	42

<b>Chapter 3:</b>	<b>File Management</b>	<b>43</b>
	About File Formats .....	44
	About File Compression .....	45
	Saving Files .....	46
	Saving Files for a Device .....	48
	Making Backup Copies .....	49
	Saving Files as Wallpaper .....	52
	Moving and Renaming Files .....	53
<b>Chapter 4:</b>	<b>Adjusting Whole Images</b>	<b>55</b>
	Adjusting Brightness and Contrast .....	56
	Adjusting Levels .....	57
	Correcting Tint .....	59
	Adjusting Hue and Saturation .....	60
	Sharpening and Blurring .....	61
	Improving the Lighting .....	63
	Restoring Old Pictures .....	64
	Removing Dust .....	65
	Manipulating Objects .....	66
	Changing canvas and object size .....	66
	Placing and aligning objects .....	69
	Rotating and flipping .....	70
	Replacing a picture .....	72
	Embellishing Objects .....	73
<b>Chapter 5:</b>	<b>Selective Editing</b>	<b>77</b>
	The New Selection Tools .....	78
	Using the selection tools .....	79
	Using the Marquee Tool .....	80
	Using the Freehand Tool .....	81
	Using the Edge Finder .....	82
	Using the Magic Wand .....	83
	Using Smart Erase .....	84
	Fixing Red Eye .....	85
	Removing Spots and Blemishes .....	86
	Removing Wrinkles .....	87
	Removing Scratches .....	88
	Applying Gaussian Blur .....	89
	Image Correction Brushes .....	90
	Artistic Brushes .....	95
	Creating Cutouts .....	101
	Trimming Areas .....	102
	Cropping .....	103
	Straightening Pictures .....	106

<b>Chapter 6:</b>	<b>Working with Layers</b>	<b>107</b>
	Using the Stack .....	108
	Hiding and Undocking the Stack .....	109
	Changing the Layering Order with Menus .....	110
	Grouping Objects .....	111
	Locking and Unlocking Objects .....	112
	Adding Objects .....	113
	Adding text .....	113
	Adding lines .....	114
	Adding shapes .....	116
	Inserting Other Images .....	117
	Flattening Objects .....	118
<b>Chapter 7:</b>	<b>Working with Text</b>	<b>119</b>
	Inserting Text .....	120
	Modifying the Text Box .....	121
	Character Formatting .....	123
	Paragraph Formatting .....	124
	Spell Checking .....	125
<b>Chapter 8:</b>	<b>Applying Filters and Effects</b>	<b>127</b>
	Applying Effects .....	128
	Antique, Black and White, and Negative effects	128
	Diffuse Glow effect .....	129
	Distort effect .....	129
	Transparent Fade effect .....	130
	Skew Object effect .....	131
	Applying Filters .....	132
<b>Chapter 9:</b>	<b>Editing with the Mini Lab</b>	<b>135</b>
	Mini Lab Essentials .....	136
	Performing Mini Lab Procedures .....	138
<b>Chapter 10:</b>	<b>Adding Edge Effects</b>	<b>139</b>
	Adding a Border .....	140
	Adding an Edge Effect .....	141
	Highlighted edges .....	141
	Designer edges .....	143
	Soft edges .....	144
	Art stroke edges .....	145
	Photo stroke edges .....	146
	Stamped edges .....	147
	Adding a Mat .....	149
	Adding a Frame .....	151

<b>Chapter 11:</b>	<b>Printing</b>	<b>153</b>
	Basic Printing .....	154
	Printing Multiple Photos .....	156
	Printing an Index Sheet .....	158
	Two-Sided Printing .....	160
	Ordering Prints Online .....	162
	Planning Before Printing .....	163
<b>Chapter 12:</b>	<b>Creating Photo Projects</b>	<b>165</b>
	Creating a Magazine Cover .....	166
	Creating a Greeting Card .....	167
	Designing CD/DVD Labels .....	168
	Creating a Photo Collage .....	170
	Creating a Calendar .....	171
	Modifying a calendar .....	172
	Creating a Web Slide Show .....	174
<b>Chapter 13:</b>	<b>Sharing Via the Internet</b>	<b>177</b>
	Emailing Pictures .....	178
	Creating a Web Animation .....	180
<b>Chapter 14:</b>	<b>Setting Program Options</b>	<b>183</b>
	Picture Options .....	184
	Supplemental Software Options .....	186
	Miscellaneous Settings .....	188
	Setting Display Options .....	189
	More Customization .....	190
<b>Chapter 15:</b>	<b>Digital Image Library</b>	<b>191</b>
	Launching Digital Image Library .....	192
	The Program Interface .....	193
	Adding and Removing Pictures .....	194
	Importing Pictures .....	197
	Setting Image Properties .....	199
	Assigning Keywords .....	201
	Organizing Images for Viewing .....	203
	Viewing Images .....	204
	Opening Images for Editing .....	206
	Archiving Images .....	207
	Other File Options .....	209
	Batch Procedures .....	210
	Creating a Photo Story .....	213
	Setting Preferences .....	216
	Miscellaneous Procedures .....	218
	<b>Index</b>	<b>219</b>
